

Nonna Bond

DUSD(L&MR) Resource Management Division

Ms. Nonna Bond became the DUSD(L&MR) Division Chief for Resource Management on December 1998. Ms. Bond brings eighteen years of logistics management experience that includes Depot Maintenance and Supply, Total Asset Visibility, Business Process Reengineering, and Information Systems. As the Chief of the Resource Management Division, she oversees the Office of Secretary of Defense logistics budgets and program execution. Ms. Bond provides fiscal guidance to the Deputy Under Secretary of Defense for Logistics and Materiel Readiness. Ms. Bond is directly responsible for all financial management matters in the Logistics and Material Readiness arena.

Ms. Bond served as the Air Force Maintenance representative to the DoD Total Asset Visibility Joint Task Force (TAV JTF) under the leadership of OSD DUSD(L&MR). Ms. Bond coordinated Government and industry teams in determining "Best of Breed" processes for Depot Maintenance and related information systems. Ms. Bond served as the Technical Representative for the Air Force's Lean Logistics Program. Ms. Bond identified business processes and systems support across all Logistics areas: Finance, Maintenance, Supply, and Transportation Air Force-wide. Ms. Bond served as Project Manager for numerous Air Force systems including the F-15 Second Source of Repair Depot Activation Program at SM-ALC, F-111EF and F-111D, Val/Ver of the aircraft Chaff Flare Dispenser System, F-22 Integrated Weapons System Database Development, ATAC Prototype System Development and Implementation and Integrated Maintenance Management Information System (IMMIS) Development.
